§ 16.20.190. Determining Endangered Species.

In making this determination the commissioner of fish and game shall consider:

- (1) the destruction, drastic modification, or severe curtailment of its habitat;
- (2) its overutilization for commercial or sporting purposes;
- (3) the effect on it of disease or predation;

(b) After making a determination under (a) of this section, the commissioner of fish and game shall, in accordance with AS 44.62 (Administrative Procedure Act), publish a list of the species or subspecies of fish and wildlife that are endangered. The commissioner shall, at least once every two years thereafter, conduct a thorough review of the list to determine what changes have occurred concerning the species or subspecies listed. Consideration of existing species or subspecies of fish and wildlife for listing under this section shall be made on a continuing basis. The review of listed species or subspecies conducted under this section shall be

submitted in writing to the governor and the legislature and shall be made available to the public.

(c) In making the determination and review under (a) and (b) of this section, the commissioner of fish and game shall seek the advice and recommendation of interested persons and organizations, including but not limited to ornithologists, ichthyologists, ecologists, and zoologists.

§ 16.20.195. Permit for taking endangered species.

A species or subspecies of fish or wildlife listed as endangered under AS 16.20.190(b) may not be harvested, captured, or propagated except under the terms of a special permit issued by the commissioner of fish and game for scientific or educational purposes, or for propagation in captivity for the purpose of preservation.

§ 16.20.200. Penalty.

A person who, without a permit issued under AS 16.20.195, harvests, injures, imports, exports, or captures a species or subspecies of fish or wildlife listed under AS 16.20.190, is guilty of a misdemeanor.

§ 16.20.210. Birds included.
