S.D. Codified Law Tit. 49, Ch. 43

Current through File 15 of the 135th General Assembly (2023-2024).

S.D. Codified Laws § 49-43-1. Grain delivered to warehouse considered stored – Other arrangements – Settlement.

Any grain delivered to a public grain warehouse shall be considered stored at the time of delivery unless an arrangement has been made with the public grain warehouse operator prior to or at the time of delivery to apply the grain on contract, for shipment or consignment, or for cash sale. Grain may be held in open storage, a grain bank account, or placed on a warehouse receipt. The warehouse shall issue a scale ticket for any grain received by the warehouse. The warehouse shall keep sufficient grain inventory to cover all stored grain. Settlement for all grain stored or sold shall be made immediately on demand by the owner.

S.D. Codified Laws § 49-43-1.1. Definitions.

Terms used in this chapter mean:

- (1) "Commission," the Public Utilities Commission of this state;
- (2) "Grain bank," grain which is received by a public grain warehouse from depositors for storage and is to be withdrawn and processed into feed as needed;
- (3) "Independent provider," a third party entity that maintains an electronic central filing system of electronic warehouse receipts;

(4) "Open storage grain," grain received by a public grain warehouse from a depositor for which a warehouse receipt has not been issued or a purchase made and is not grain bank;

(5) "Public grain warehouse," any public warehouse where grain, as defined in subdivision 49-45-1.1(2), is received for storage for hire. A public grain warehouse may also purchase, receive or handle grain in accordance with the provisions of chapter 49-45 relating to grain buyers;

(6) "Receipt," a warehouse receipt which complies with the requirements of this chapter and the rules of the commission promulgated pursuant thereto. A warehouse receipt may be in an electronic form;

(7) "Scale ticket," a memorandum issued by a public grain warehouse or grain buyer to a depositor at the time grain is initially delivered, showing the weight of the load, kind of grain, date of delivery, and indicates whether the grain is to be sold or stored under a warehouse receipt, in open storage, or in a grain bank account.

S.D. Codified Laws § 49-43-2. Delivery constitutes bailment rather than sale.

If any grain is delivered to any person doing a public grain warehouse business in this state and is held in open storage, in a grain bank account, or placed on a warehouse receipt, the delivery is a bailment and not a sale of the grain.

S.D. Codified Laws § 49-43-2.1. Receipt for stored grain required – Exceptions – Form – Violation as misdemeanor.

The operator of a public grain warehouse shall give a receipt for the grain received by it for storage, except for grain held in open storage or a grain bank account. No receipt form may be used except any form requested and ordered in accordance with the commission's rules promulgated pursuant to chapter 1-26.

The commission shall determine by rule or order the form and contents of any receipt form, which shall be uniform.

Any receipt form may be recovered by the commission if the public grain warehouse license is revoked, suspended, or otherwise terminated.

A violation of this section is a Class 1 misdemeanor.

S.D. Codified Laws § 49-43-3. Grain stored under receipt not liable to seizure – Insolvency of bailee.

In no case is the grain stored under a receipt as required by § 49-43-2.1, open storage grain, or grain bank liable to seizure upon process of any court in any action against the bailee, except an action by the owner of open storage grain, owner of grain bank, or owner or holder of a warehouse receipt to enforce the terms of the same. In the event of the failure or insolvency of the bailee, grain on hand in the public grain warehouse shall first be applied to the redemption and satisfaction of

outstanding receipts issued by the warehouse and to owners of open storage grain and grain bank.

S.D. Codified Laws § 49-43-4. [Repealed].

S.D. Codified Laws § 49-43-4.1. Promulgation of rules.

The commission may promulgate rules pursuant to chapter 1-26 concerning:

- (1) The procedure for filing grain reports;
- (2) The form of a public grain warehouse's bond and application, and the information required to be included for licensing;
- (3) Requirements and procedures for releasing bonds;
- (4) Requirements for posting public grain warehouse's licenses;
- (5) Procedures and requirements for license suspension, revocation, transfer of ownership, or insolvency by a public grain warehouse;
- (6) Requirements for the form of, procedures for, and the issuance and control of grain warehouse receipts and scale tickets;
- (7) Specifications for the safe storage of grain;
- (8) Requirements for filing financial statements with the commission and the financial standards by which the statements are approved when considering whether to license a public grain warehouse; and
- (9) The rates for receiving, handling, redelivering, and storing grain.

S.D. Codified Laws § 49-43-4.2. Public grain warehouse license – Penalty – Injunction – Civil fine.

No owner, lessee, or manager of a public grain warehouse may transact business as a public grain warehouse until a license has been issued by the commission. Any person who violates this section is guilty of a Class 1 misdemeanor.

Each day that a person is in violation of this section is a separate offense.

The operation of a public grain warehouse, without a license, may be enjoined by the commission.

The commission may assess a civil fine against an unlicensed warehouse operator in the amount of five thousand dollars per day, up to a maximum of fifty thousand dollars.

S.D. Codified Laws § 49-43-4.3. Bond requirement – Violation as misdemeanor.

Before any license is granted to a public grain warehouse, the warehouse operator shall file with the commission a bond conditioned to secure the faithful performance of the warehouse operator's obligations as a

public warehouse and full and unreserved compliance with the laws of this state and the rules of the commission, relating to the storage of property for hire by the public warehouse. The bond shall be in the amount specified by § 49-43-5.3. Operation as a public grain warehouse without a bond is a Class 1 misdemeanor. Each day a person conducts the business of a public grain warehouse without a bond is a separate offense.

S.D. Codified Laws § 49-43-4.4. Issuance or denial of license.

Upon receipt of an application and sufficient bond, the commission may grant the license applied for or may, for good cause shown, deny the issuance of the license.

S.D. Codified Laws § 49-43-4.5. Expiration of license – Revocation or suspension.

Each license issued pursuant § 49-43-4.4 expires on the next June thirtieth following the issuance of the license. The commission may at any time for good cause shown revoke or suspend any grain warehouse license. However, the grain warehouse operator has the right of appeal from the decision provided by chapter 1-26 for the review of final decisions of the commission.

S.D. Codified Laws § 49-43-5. [Repealed].

S.D. Codified Laws § 49-43-5.1. Application for license – Contents – Multiple warehouses of licensee.

The application for a license to operate as a public grain warehouse made pursuant to § 49-43-4.2 shall be in writing, in a form prescribed by the commission, and shall set forth the name, principal office or place of business, location of each warehouse if more than one warehouse is operated in separate municipalities or locations, and the individual name of each owner or principal in the management of the warehouse. If the warehouse is owned or managed by a corporation, the name of the president, secretary, and treasurer of the corporation shall be stated. The application shall also state that the applicant is seeking a public grain warehouse license and shall contain financial information depicting the financial condition of the business at the time of the application. The application shall contain the affirmation statement set forth in § 22-29-9.1. The application shall be signed by the owner, managing partner, or chief executive officer of the applicant and shall be notarized.

If a warehouseman has more than one public grain warehouse in the same municipality, only one license is required for all the public grain warehouses.

S.D. Codified Laws § 49-43-5.2. Application fee.

The application for a license to operate as a public grain warehouse shall be accompanied by a fee of two hundred seventy-five dollars for each municipality or location at which the warehouse operator receives or stores grain for hire.

S.D. Codified Laws § 49-43-5.3. Purpose of bond – Amount – Multiple warehouses.

The bond required by § 49-43-4.3 for public grain warehouses is for the specific purpose of protecting persons storing grain with the warehouse.

The warehouse operator shall furnish a single bond in an amount equal to one-half of the local market value of the grain stored in the warehouse, or if multiple warehouses are operated by the warehouse operator, the bond shall equal one-half of the local market value of the grain stored at all warehouse locations. However, a warehouse operator shall provide a minimum bond of twenty-five thousand dollars at any one municipality or location. The minimum bond amounts per municipality or location does not limit the bond coverage available to depositors at any one warehouse location. The entire bond, up to the amount on its face, shall provide coverage to a depositor conducting business at any of the warehouse operator's locations.

The bond shall describe with particularity the exact locations of the warehouses to be covered.

S.D. Codified Laws § 49-43-5.4. [Repealed].

S.D. Codified Laws § 49-43-5.5. Filing of other financial documents in lieu of bond.

If the Public Utilities Commission determines, because a corporate surety company becomes insolvent or ceases to write grain warehouse bonds in this state, that a bond in the sum required by § 49-43-5.3 cannot be executed, the commission may, by rule, authorize the filing of other financial documents in lieu of a corporate surety bond.

S.D. Codified Laws § 49-43-5.6. Grounds for suspension of license.

The commission may immediately suspend the license of a warehouse operator and the warehouse operator shall surrender the license to the commission if:

- (1) The warehouse operator, whether licensed or unlicensed, refuses, neglects, or is unable, upon proper demand, to redeem any warehouse receipt or scale ticket for grain in open storage or in grain bank issued by the warehouse operator, through redelivery or cash payment;
- (2) The warehouse operator refuses, neglects, or is unable to provide a bond in an amount required by the commission;
- (3) The commission has knowledge of any act of insolvency, including the filing of a petition in bankruptcy naming the warehouse as debtor; or
- (4) The warehouse operator refuses to submit to an inspection or cooperate with the lawful requests of a commission inspector, including requests for access to and copies of the books and records of the warehouse.

Within fifteen days the warehouse operator may request a hearing pursuant to chapter 1-26 to determine if the license should be revoked. If no request is made within fifteen days, the commission shall revoke the license. If the commission determines it is necessary, the commission may apply to the circuit court in

the county in which the warehouse operator operates for that court to appoint a receiver. The receiver has such powers and duties as the court may direct.

S.D. Codified Laws § 49-43-5.7. Recovery of damages for breach of obligation under bond – Notice to commission – Time for commission response.

Any person injured by the breach of any obligation of a warehouseman, for the performance of which a bond has been given under any of the provisions of this chapter, may sue on the bond in the person's own name in any court of competent jurisdiction to recover any damages the person may have sustained by reason of the breach. However, a person may sue on the bond only if the person has notified the commission of the person's intent to sue on the bond and if the commission has stated in writing that it does not intend to institute any proceedings regarding the bond. The commission shall respond in writing within sixty days of notification stating whether the commission intends to institute any proceedings regarding the bond. If the commission fails to respond in writing within the sixty days, the person may proceed to sue on the bond in the person's own name.

S.D. Codified Laws § 49-43-5.8. Possession of warehouse by commission – Notification of surety.

If the commission becomes aware of any act by any warehouse operator as described in § 49-43-5.6, the commission may:

- (1) Take immediate possession of the warehouse facility, and undertake an immediate audit and verify the names and addresses of all outstanding warehouse receipt holders and scale ticket holders as revealed by the audit, and audit and certify the quantity and class or classes of grain therein;
- (2) Immediately notify the surety named in both the warehouse's and grain buyer's bonds, if any, held by the warehouse.

S.D. Codified Laws § 49-43-5.9. Claim against warehouseman – Time limitation – Notice of revocation of license.

Upon revocation, termination, or cancellation of a warehouse license, any claim against the warehouseman arising under this chapter shall be made in writing with the commission within six months after receiving notice of revocation, termination, or cancellation. Upon revocation of a warehouse license, the commission shall publish notice of the revocation once each week for two consecutive weeks in a newspaper of general circulation in each county in which the licensee maintains a business location and in a newspaper of general circulation within the state. The commission shall also send notice of the revocation by certified mail to each grain storage receipt and scale ticket holder named in the audit prepared pursuant to § 49-43-5.8. The notice shall state the name and address of the warehouseman, the effective date of revocation, and the name and address of the surety on the warehouse bond. The notice shall also state that any claims against the warehouseman shall be

made in writing and sent by ordinary mail to the commission within six months after receiving notice of revocation.

S.D. Codified Laws § 49-43-6. [Repealed].

S.D. Codified Laws § 49-43-7. Filing of rates charged by grain warehouse – Adjustment – Nondiscrimination.

At the time of licensing, a grain warehouse operator shall file with the commission the rates charged by the grain warehouse for storing, receiving, and redelivering grain. A grain warehouse operator may file different rates for different commodities and the rates shall be effective for the licensing period beginning on July first. A grain warehouse operator may adjust rates during the licensing period no more than four times and adjusted rates shall be effective on the date of filing. A grain warehouse shall charge each customer the rates on file with the commission without discrimination. However, a warehouse operator may waive the fees for receiving and handling if the operator takes title to the grain. A list of the rates shall be made available to a customer upon request.

S.D. Codified Laws § 49-43-8. [Repealed].

S.D. Codified Laws § 49-43-9. Monthly reports to commission – Form and contents – Public inspection – Violation as misdemeanor.

The operator of each public grain warehouse shall, on or before the tenth day of each month and at such additional times as the commission requires, furnish the commission on forms prepared by the commission, reports showing the facts and information required by the commission. The reports are not for public inspection, but the commission may, upon request, furnish the total of the figures shown on the reports if the figures requested are for not less than four public grain warehouses. The commission may also require that a warehouse operator provide any other documents and information regarding the business of the warehouse. None of the documents and information obtained through the licensing and inspection processes are subject to public inspection. A violation of this section by an operator is a Class 1 misdemeanor.

S.D. Codified Laws § 49-43-10. Yearly grain measurement – Additional reports – Violation as misdemeanor.

Each public grain warehouse shall obtain a yearly measurement of all the grain in its facility and shall provide the results of the measurement to the commission along with a daily position report as of the time of the measurement. The measurement shall be performed by a qualified person independent of the warehouse. If the commission finds the person performing the measurement is not qualified or independent, the commission may require a different person to perform the measurement.

The commission may also require the operator of a public grain warehouse to furnish under oath, a written report showing the condition and management of the business, the total number of bushels of each kind and grade of grain

purchased and in store, the number delivered out, the number remaining in store at the date of the report, and any other information regarding the business of the public grain warehouse which the commission requires. A violation of this section is a Class 1 misdemeanor.

No warehouse need weigh the grain on hand more than once in each year, unless the commission requires an additional measurement as part of an investigation of the warehouse. If required by the commission, a warehouse shall measure its grain inventory at its expense. The commission shall designate a person who is qualified to perform the measurement, which may be an agent or employee of the warehouse or a third party as appropriate under the circumstances of the investigation.

However, a warehouse operator may refuse to store grain if the capacity of the warehouse is exhausted or for other good cause. If requested, a warehouse operator that refuses to store grain shall provide the person requesting storage with the reason for the refusal in writing. The written notice of refusal shall state that the person being refused storage may file a complaint with the commission contesting the refusal. A violation of this section is a Class 1 misdemeanor.

S.D. Codified Laws § 49-43-14. Issuance of new receipts – Cancellation of old receipts.

Upon the payment of all the accrued charges and the return of the storage receipt, a public warehouseman shall, if requested by the holder of an outstanding storage receipt, issue a new storage receipt to such holder and cancel the former receipt by endorsing thereon the words, "Canceled by the issuance of storage receipt No. _____," and inserting the number of the new storage receipt. The canceled storage receipt shall be signed by the warehouseman and the holder.

S.D. Codified Laws § 49-43-15. Conditions to issuance of receipt – Violation as misdemeanor.

No warehouse receipt may be issued by a public grain warehouse except upon actual delivery of grain into the warehouse; nor may a receipt be issued for a greater quantity of grain than was actually received; nor may more than one receipt be issued for the same lot of grain, unless receipt for part of a lot is desired, and then the aggregate receipts for a particular lot shall cover that lot and no more. A violation of this section is a Class 1 misdemeanor.

If a part of the grain represented by the receipt is delivered out of storage and the remainder is left, a new receipt may be issued for the remainder. The new receipt shall bear the same date as the original and shall state on its face that it is the balance of receipt of the original number, and the receipt upon which a part of the grain has been delivered shall be canceled in the same manner as if it had all been delivered.

S.D. Codified Laws § 49-43-20. Division or consolidation of receipts – Cancellation of original receipt – Terms of new receipt.

If it is desirable to divide one receipt issued by a public grain warehouse into two or more, or if it is desirable to consolidate two or more receipts into one, and the warehouseman consents thereto, the original receipt shall be canceled the same as if the grain had been delivered from storage and the new receipts shall express on their face that they are a part of another receipt or a consolidation of other receipts, as the case may be. The numbers of the original receipt shall also appear upon the new ones issued as explanatory of the change. However, no consolidation of receipts of dates differing more than ten days may be permitted, and all new receipts issued for old ones canceled, as provided in this section, shall bear the same date as those originally issued.

S.D. Codified Laws § 49-43-21. Warehouseman prohibited from denying title of receipt holder.

No person doing a grain warehouse business having issued a receipt for the storage of grain as in this chapter provided, may thereafter be permitted to deny that the grain represented by the receipt is the property of the person to whom such receipt was issued or his assigns. Such receipts shall be considered so far as the duties, liabilities, and obligations of such warehouseman are concerned, conclusive evidence of the fact that the person to whom the receipt was issued, or his assigns, is the owner of such grain and is the person entitled to make surrender of such receipt and receive the grain thereby promised to be delivered.

S.D. Codified Laws § 49-43-23. Redelivery of identical grain not required – Deduction for dockage and foreign material – Guaranty respecting weight, grade, and quality.

Nothing in § 49-43-22 means the delivery of the identical grain specified in the receipt or scale ticket. A warehouse may instead deliver an equal amount of the same grade, kind and quality. If the grain delivered has not been cleaned by the warehouse, there shall be added to the amount delivered the amount originally deducted from the grain stored for dockage and foreign material. If the grain is to be delivered from some terminal market point, the public grain warehouse issuing the storage receipts or scale tickets shall guarantee weight, grade, and quality.

of such weighing, inspection, and grading are issued by such officer, shall immediately secure from such officer, either through the consignee of such grain or otherwise, such certificates or true and correct copies thereof. Such certificates or copies shall, within ten days after issuance be transmitted and delivered to the person having immediate charge of the public grain warehouse from which such grain was shipped, and shall be open to the inspection and examination of any person who has an ownership interest in such shipment.
