§ 142.4. Legislative intent

It is the intent of the Oklahoma Legislature that the State Board of Career and Technology Education develop curriculum for the training of technicians for the installation and conversion of engines to be fueled by alternative fuels as the technologies are developed. It is further the intent of the Oklahoma Legislature that Oklahoma State University Institute of Technology-Okmulgee develop curriculum for the training of technicians for the installation, service, modification, repair or renovation of fill stations. It is further the intent of the Oklahoma Legislature to enact legislation which promotes the development of technology in a manner that ensures the health and safety of the citizens of this state.

§ 142.5. Definitions

As used in the Alternative Fuels Technician Certification Act:

1. “Alternative fuels” means liquefied petroleum gas, natural gas and liquid fuels produced from natural gas, methanol, ethanol, electricity, coal-derived liquid fuels, hydrogen, biodiesel and fuels derived from biological materials;
2. “Alternative fuels equipment technician” means any person who installs, modifies, repairs or

renovates equipment used in the conversion of any engines to engines fueled by alternative fuels. This includes originally equipped manufactured engines dedicated to operate on an alternative fuel;

3. “Alternative fuels compression technician” means any person who installs, services, modifies, repairs or renovates fill stations;
4. “Board” means the Alternative Fuels Technician Hearing Board;
5. “Committee” means the Committee of Alternative Fuels Technician Examiners;
6. “Electric vehicle technician” means any person who installs, modifies, repairs, performs maintenance on, or renovates onboard charging systems, motors, controllers, power sources, or the drive systems of vehicles powered by electricity that is greater than eighty (80) volts. This includes vehicles originally equipped as electric vehicles, vehicles converted from gliders, and vehicles converted from internal combustion engine vehicles;
7. “Fill station” means the equipment and conveyance property that provides the delivery and, if required, compression of an alternative fuel other than electricity; and
8. “Glider” means a vehicle built without an engine or fuel system for the purpose of converting it to an electric vehicle.

§ 142.6. Committee of Alternative Fuels Technician Examiners--Members--Terms--Vacancies--Duties--Expenses--Quorum

- A. There is hereby established the Committee of Alternative Fuels Technician Examiners which shall consist of eight (8) members. All members of the Committee shall be residents of this state.
- B. Five voting members of the Committee shall be appointed by the Commissioner of Labor as follows:
 1. Three members shall be alternative fuels technicians selected from a list of names submitted by the State Board of Career and Technology Education, with at least one member being an alternative fuels equipment technician and at least one member being an alternative fuels compression technician;
 2. One member shall be a person involved in compressed natural gas technology in an oil and/or gas industry; and
 3. One member shall be a person involved in liquefied petroleum gas technology in an oil and/or gas industry.

C. Two additional voting members shall be appointed by the Commissioner of Labor, one of whom shall be selected from a list of names submitted by the State Board of Career and Technology Education and shall be an electric vehicle technician, and one of whom shall be a person involved in manufacturing, conversion, or research in the electric vehicle industry.

D. All members shall each have at least two (2) years of active experience in alternative fuels technology. The terms of the voting members initially appointed to the Committee shall be staggered as follows:

1. One alternative fuels technician shall be appointed for a term of two (2) years;
2. One alternative fuels technician shall be appointed for a term of three (3) years;
3. One alternative fuels technician shall be appointed for a term of four (4) years;
4. One person involved in compressed natural gas technology in an oil and/or gas industry shall be appointed for a term of three (3) years;
5. One person involved in liquefied petroleum gas technology in an oil and/or gas industry shall be appointed for a term of four (4) years;
6. One electric vehicle technician shall be appointed for a term of two (2) years; and
7. One person involved in manufacturing, conversion, or research in the electric vehicle industry shall be appointed for a term of three (3) years.

Thereafter, each voting member of the Committee shall be appointed for a term of five (5) years, or until their successors are appointed and qualified.

The nonvoting member shall be designated by the Commissioner of Labor to serve as Program Administrator and Recording Secretary to the Committee.

E. Vacancies which may occur in the membership of the Committee shall be filled by appointment of the Commissioner of Labor. Each person who has been appointed to fill a vacancy shall serve for the remainder of the term for which the member such person succeeds was appointed and until a successor has been appointed and has qualified. Members of the Committee may be removed from office by the Commissioner of Labor for cause in the manner provided by law for the removal of officers not subject to impeachment.

F. The Committee shall assist and advise the Commissioner of Labor on all matters relating to the formulation of rules and standards in accordance with the Alternative Fuels Technician Certification Act. The Committee shall administer the examinations of applicants for certification as alternative fuels equipment technicians, alternative fuels compression technicians, and electric vehicle technicians provided that such examinations shall be in accordance with the provisions of the Alternative Fuels Technician Certification Act.

G. All members of the Committee shall be reimbursed for expenses incurred while in the performance of their duties in accordance with the State Travel Reimbursement Act.¹

H. A majority of the total membership of the Committee shall constitute a quorum for the transaction of business.

§ 142.7. Examinations for certification of technicians

A. Examinations for certification as alternative fuels equipment technicians shall be uniform and practical in nature for alternative fuels equipment technician certification and shall be sufficiently strict to test the qualifications and fitness of the applicants for certificates.

B. Examinations for certification as alternative fuels compression technicians shall be uniform and practical in nature for alternative fuels compression technician certification and shall be sufficiently strict to test the qualifications and fitness of the applicants for certificates.

C. Examinations for certification as electric vehicle technicians shall be uniform and practical in nature for electric vehicle technician certification and shall be sufficiently strict to test the qualifications and fitness of the applicants for certificates.

D. Examinations shall be in whole or in part in writing. The Committee shall conduct examinations twice a year and at such other times as it deems necessary. Any applicant initially failing to pass the examination shall not be permitted to take another examination for a period of thirty (30) days. Any applicant subsequently failing to pass the examination shall not be permitted to take another examination for a period of ninety (90) days.

E. The Department of Labor shall enforce the provisions of this section.

§ 142.8. Certificate--Qualifications--Transfer or loan of certificate--Standards for storage and handling of liquefied petroleum gases and for electric vehicle charge stations

A. The Department of Labor shall issue a certificate as an alternative fuels equipment technician to any person who:

1. Has been licensed by the Oklahoma Liquefied Petroleum Gas Board and has successfully passed the appropriate examination as provided in the Alternative Fuels Technician Certification Act;¹ or

2. Has been certified by the Committee as either having successfully passed the appropriate examination or having a valid license or certificate issued by another governmental entity with licensing or certification requirements similar to those provided in the Alternative Fuels Technician Certification Act;

3. Has paid the certification fee and otherwise complied with the provisions of the Alternative Fuels Technician Certification Act; and

4. Has provided proof of liability insurance with limits of not less than Fifty Thousand Dollars (\$50,000.00) general liability.

B. The Department of Labor shall issue a certificate as an alternative fuels compression technician to any person who:

1. Has successfully passed the appropriate examination as provided in the Alternative Fuels Technician Certification Act or has been certified by the Committee as having a valid license or certificate issued by another governmental entity with licensing or certification requirements similar to those provided in the Alternative Fuels Technician Certification Act;

2. Has paid the certification fee and otherwise complied with the provisions of the Alternative Fuels Technician Certification Act; and

3. Has provided proof of liability insurance with limits of not less than Fifty Thousand Dollars (\$50,000.00) general liability.

C. The Department of Labor shall issue a certificate as an electric vehicle technician to any person who:

1. Has been certified by the Committee as either having successfully passed the appropriate examination or having a valid license or certificate issued by another governmental entity with licensing or certification requirements similar to those provided in the Alternative Fuels Technician Certification Act;

2. Has paid the certification fee and otherwise complied with the provisions of the Alternative Fuels Technician Certification Act; and

3. Has provided proof of liability insurance with limits of not less than Fifty Thousand Dollars (\$50,000.00) general liability.

D. In the case of a company, partnership or corporation engaged in the business of installing, servicing, repairing, modifying or renovating equipment used in the conversion of engines to engines fueled by alternative fuels, a separate certificate shall be issued by the Department of Labor to that individual company, partnership or corporation. This certificate is for the express purpose of recognizing that the company, partnership or corporation is an authorized alternative fuels conversion business and

employs state-certified alternative fuels equipment technicians. Any violations by a certified alternative fuels equipment technician shall be deemed a violation by the certified company, partnership or corporation employing such certified technician.

E. In the case of a company, partnership or corporation engaged in the business of installing, servicing, repairing, modifying or renovating fill stations, a separate certificate shall be issued by the Department of Labor to that individual company, partnership or corporation. This certificate is for the express purpose of recognizing that the company, partnership or corporation is an authorized fill station installation business and employs state-certified alternative fuels compression technicians or electric vehicle technicians. Any violations by a certified alternative fuels compression technician or electric vehicle technician shall be deemed a violation by the certified company, partnership or corporation employing such certified technician.

F. In conjunction with subsection A of this section, the Department of Labor shall issue an Alternative Fuels Equipment Installation Certification to any public entity or private company, partnership or corporation that operates commercial, private or public fleets of vehicles and employs ten or more auto service technicians per location. The certification shall be based on the ability of the applicant to provide their own alternative fuels equipment technician training program which shall be certified by the Department of Labor, Committee of Alternative Fuels Technician Examiners. This subsection shall not apply to allow certification of any alternative fuels compression technician training programs.

G. All alternative fuels equipment technician certificates, alternative fuels compression technician certificates, and electric vehicle technician certificates shall be nontransferable and it shall be unlawful for any person certified pursuant to the provisions of the Alternative Fuels Technician Certification Act to loan or allow the use of such certificate by any other person, except as specifically provided in the Alternative Fuels Technician Certification Act.

H. The standards for the storage and handling of liquefied petroleum gases adopted by the National Fire Protection Association and published in the latest edition of its Pamphlet No. 58 and the standards for the installation of compressed natural gas vehicular fuel systems adopted by the National Fire Protection Association and published in its Pamphlet No. 52 shall be the accepted standards for this state. The accepted standards for this state for electric vehicle charge stations shall be the National Electric Code (NEC). The Commissioner of Labor is authorized, and it shall be his or her duty to adopt and promulgate such rules or specifications relating to safety in the manufacture, assembly, sale, installation and use of vehicular alternative fuel systems. The Commissioner of Labor is further authorized to modify or amend such rules or specifications as he or she deems reasonable and necessary.

§ 142.9. Applications for examination, certification or renewal of certification--Fees

A. 1. All applications for examination, certification or renewal of certification shall be made in writing

to the Department of Labor on forms provided, if necessary, by the Department of Labor. All applications shall be accompanied by the appropriate fee.

2. If a person holds a valid Class I Dealer Permit properly issued by the Oklahoma Liquefied Petroleum Gas Board, pursuant to [Section 420.4 of Title 52 of the Oklahoma Statutes](#), the requirements of this section for certification or renewal of certification shall not be required.

B. The following shall be the fees charged under the Alternative Fuels Technician Certification Act¹.

Alternative Fuels Equipment Technician Examination	\$50.00
Alternative Fuels Compression Technician Examination	\$50.00
Electric Vehicle Technician Examination	\$50.00
Alternative Fuels Equipment Technician Certificate	\$50.00
Alternative Fuels Compression Technician Certificate	\$50.00

§ 142.11. Alternative Fuels Technician Examiners--Complaints--Investigations--False or fraudulent representation--Suspension or revocation of certificate

A. The Commissioner of Labor or designee may suspend or revoke any license, certificate or registration for cause upon recommendation of the Committee of Alternative Fuels Technician Examiners and shall comply with the provisions of the Administrative Procedures Act.¹

B. The Commissioner of Labor or designee may, upon the motion of the Commissioner or designee, and shall, upon written complaint filed by any person, investigate the business transactions of any certified alternative fuels equipment or compression technician, or electric vehicle technician. The results of the investigation may be presented to the Committee and the Committee may recommend suspension or revocation of the license, certificate or registration. The Commissioner of Labor or designee shall suspend or revoke any certificate or registration obtained by false or fraudulent representation. The Commissioner of Labor or designee shall also suspend or revoke any certificate or registration for any of the following:

1. Making a material misstatement in the application for a certificate or registration, or the renewal of a certificate or registration;
2. Loaning or illegally using a certificate;
3. Demonstrating incompetence to act as an alternative fuels equipment technician, alternative fuels compression technician, or electric vehicle technician;
4. Violating any provisions of the Alternative Fuels Technician Certification Act,² or any rule or order prescribed by the Department of Labor; or
5. Willfully failing to perform normal business obligations without justifiable cause.

Any person whose alternative fuels equipment technician certificate, alternative fuels compression technician certificate, or electric vehicle technician certificate has been revoked by the Commissioner of Labor or designee may apply for a new certificate one (1) year from the date of such revocation.

§ 142.12. Work of technician by noncertified person

After September 1, 1991, it shall be unlawful for any person to perform the work or offer, by advertisement or otherwise, to perform the work of an alternative fuels equipment technician until such person has qualified and is certified as an alternative fuels equipment technician. Beginning September 1, 1995, it shall be unlawful for any person to perform work or offer, by advertisement or otherwise, to perform the work of an alternative fuels compression technician until such person has qualified and is certified as an alternative fuels compression technician. Beginning November 1, 1998, it shall be unlawful for any person to perform the work or offer, by advertisement or otherwise, to perform the work of an electric vehicle technician until such person has qualified and is certified as an electric vehicle technician. Electric vehicles that have a manufacturer's warranty shall be serviced by an authorized new car dealer. Any vehicle manufacturer's training center located in the state, which offers alternative fuel and electric vehicle courses meeting new car manufacturing requirements, shall be exempted from this act. Provided, nothing in the Alternative Fuels Technician Certification Act¹ shall be construed to prohibit a noncertified person from converting the engine of a farm tractor, as defined in [Section 1-118 of Title 47 of the Oklahoma Statutes](#), to an engine fueled by alternative fuels, as long as such farm tractor is not operated on the roads and highways of this state.

§ 142.14. Alternative Fuels Technician Certification Revolving Fund

All monies received by the Department of Labor under the Alternative Fuels Technician Certification Act¹ shall be deposited with the State Treasurer and credited to the “Alternative Fuels Technician Certification Revolving Fund”. The revolving fund shall be a continuing fund not subject to fiscal year limitations and shall be under the control and management of the Department of Labor. Expenditures from this fund shall be made pursuant to the purposes of the Alternative Fuels Technician Certification Act and shall include, but not be limited to, payment of operating costs, costs of programs designed to promote public awareness of the alternative fuels industry, expenditures for the preparation and printing of regulations, bulletins or other documents and the furnishing of copies of the documents to those persons engaged in the alternative fuels industry or the public, and expenses the Department of Labor incurs to support program operations. Warrants for expenditures shall be drawn by the State Treasurer based on claims signed and approved for payment by the Director of the Office of Management and Enterprise Services.

§ 142.15. Violations--Criminal penalties

Any person convicted of violating any provision of the Alternative Fuels Technician Certification Act shall be guilty of a misdemeanor. The continued violation of any provision of the Alternative Fuels Technician Certification Act during each day shall be deemed to be a separate offense. Upon conviction thereof the person shall be punished by imprisonment in the county jail not to exceed one (1) year, or by a fine of not more than One Thousand Dollars (\$1,000.00), or by both such fine and imprisonment for each offense. The Alternative Fuels Technician Hearing Board may request the appropriate district attorney to prosecute such violation and seek an injunction against such practice.

§ 142.16. Violations--Civil penalties--Determination of penalty amount--Surrender of certificate in lieu of fine

A. Any person who has been determined by the Alternative Fuels Technician Hearing Board to have violated any provision of the Alternative Fuels Technician Certification Act¹ or any rule or order issued pursuant to the provisions of the Alternative Fuels Technician Certification Act may be liable for a civil penalty of not more than One Hundred Dollars (\$100.00) for each day that said violation occurs. The maximum civil penalty shall not exceed Ten Thousand Dollars (\$10,000.00) for any related series of violations.

B. The amount of the penalty shall be assessed by the Board pursuant to the provisions of subsection A

of this section, after notice and hearing. In determining the amount of the penalty, the Board shall include but not be limited to, consideration of the nature, circumstances, and gravity of the violation and, with respect to the person found to have committed the violation, the degree of culpability, and any show of good faith in attempting to achieve compliance with the provisions of the Alternative Fuels Technician Certification Act. All monies collected from such civil penalties shall be deposited with the State Treasurer of Oklahoma and placed in the Alternative Fuels Technician Certification Revolving Fund.

C. Any certificate holder may elect to surrender his certificate in lieu of said fine but shall be forever barred from obtaining a reissuance of said certificate.
