

States' Biofuels Statutes

STATE OF South Dakota

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#).

Current through the 2014 Legislative Session of the South Dakota General Assembly.

37-2-30. Labeling of any gasoline containing oxygenate

Any gasoline kept, offered, or exposed for sale, or sold, at retail containing two percent or more by volume of any oxygenate or combination of oxygenates shall be identified as to the specific type of oxygenate or combination of oxygenates in the gasoline. The label may consist of any combination of colors and the label may read ethanol, E10, or ethanol blend. This information shall be posted on the upper fifty percent of the dispenser front panel in a position that is clear and conspicuous from the driver's position. The words shall be in a type at least one-quarter inch in height and a width of type of at least one-sixteenth inch stroke.
