

States' Biofuels Statutes

STATE OF TEXAS

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#).

Current through the 2014 Legislative Session of the Texas State Legislature.

§ 390.001. Definitions

<Chapter 390 expires Aug. 31, 2019, pursuant to [V.T.C.A., Health & Safety Code § 390.006](#).>

In this chapter:

- (1) “Diesel exhaust” means one or more of the air pollutants emitted from an engine by the combustion of diesel fuel, including particulate matter, nitrogen oxides, volatile organic compounds, air toxics, and carbon monoxide.
- (2) “Incremental cost” has the meaning assigned by [Section 386.001](#).
- (3) “Program” means the clean school bus program established under this chapter.
- (4) “Qualifying fuel” includes any liquid or gaseous fuel or additive registered or verified by the United States Environmental Protection Agency, other than standard gasoline or diesel, that is ultimately dispensed into a school bus that provides reductions of emissions of particulate matter.
- (5) “Retrofit” has the meaning assigned by [Section 386.101](#).

Credits: Added by [Acts 2005, 79th Leg., ch. 766, § 4, eff. June 17, 2005](#).

§ 390.002. Program

<Chapter 390 expires Aug. 31, 2019, pursuant to [V.T.C.A., Health & Safety Code § 390.006](#).>

(a) The commission shall establish and administer a clean school bus program designed to reduce the exposure of school children to diesel exhaust in and around diesel-fueled school buses. Under the program, the commission shall provide grants for eligible projects to offset the incremental cost of projects that reduce emissions of diesel exhaust.

(b) Projects that may be considered for a grant under the program include:

- (1) diesel oxidation catalysts for school buses built before 1994;
- (2) diesel particulate filters for school buses built from 1994 to 1998;
- (3) the purchase and use of emission-reducing add-on equipment for school buses, including devices that reduce crankcase emissions;
- (4) the use of qualifying fuel; and
- (5) other technologies that the commission finds will bring about significant emissions reductions.

§ 390.003. Application for Grant

<Chapter 390 expires Aug. 31, 2019, pursuant to [V.T.C.A., Health & Safety Code § 390.006](#).>

- (a) A school district in this state that operates one or more diesel-fueled school buses or a transportation system provided by a countywide school district may apply for and receive a grant under the program.
- (b) The commission may adopt guidelines to allow a regional planning commission, council of governments, or similar regional planning agency created under Chapter 391, Local Government Code, or a private nonprofit organization to also apply for and receive a grant to improve the ability of the program to achieve its goals.
- (c) An application for a grant under this chapter must be made on a form provided by the commission and must contain the information required by the commission.

Credits: Added by [Acts 2005, 79th Leg., ch. 766, § 4, eff. June 17, 2005](#).

§ 390.004. Eligibility of Projects for Grants

<Chapter 390 expires Aug. 31, 2019, pursuant to [V.T.C.A., Health & Safety Code § 390.006](#).>

- (a) The commission by rule shall establish criteria for setting priorities for projects eligible to receive grants under this chapter. The commission shall review and may modify the criteria and priorities as appropriate.
- (b) A school bus proposed for retrofit must be used on a regular, daily route to and from a school and have at least five years of useful life remaining unless the applicant agrees to remove the retrofit device at the end of the life of the bus and reinstall the device on another bus.

Credits: Added by [Acts 2005, 79th Leg., ch. 766, § 4, eff. June 17, 2005](#).

§ 390.005. Restriction on Use of Grant

<Chapter 390 expires Aug. 31, 2019, pursuant to [V.T.C.A., Health & Safety Code § 390.006.](#)>

A recipient of a grant under this chapter shall use the grant to pay the incremental costs of the project for which the grant is made, which may include the reasonable and necessary expenses incurred for the labor needed to install emissions-reducing equipment. The recipient may not use the grant to pay the recipient's administrative expenses.
