

States' Biofuels Statutes

STATE OF ARIZONA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the Arizona General Assembly.

§ 49-571. Clean burning or alternative fuel requirements for new buses; definitions

- A. A city, town or county which purchases buses for use in a county with a population of more than five hundred thousand persons shall only purchase buses which operate on clean burning fuel or alternative fuel, except that a city or town in area A, as defined in § 49-541, in a county with a population of more than one million two hundred thousand persons, shall also comply with § 9-500.04, subsection F.
- B. If a city, town or county is unable to purchase a sufficient number of buses which operate on clean burning fuel or alternative fuel to meet the requirements of subsection A due to the unavailability of those types of buses, the city, town or county shall convert a sufficient number of buses in their present fleet which operate on any fuel listed in subsection C so that the number of the converted buses along with the buses operating on clean burning fuel or alternative fuel equals or exceeds the amount required pursuant to subsection A.
- C. For the purposes of this article, “alternative fuel” and “clean burning fuel” have the same meaning prescribed in § 1-215.
