

States' Biofuels Statutes

STATE OF ARIZONA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the Arizona General Assembly.

§ 49-412. Alternative fuel delivery systems; standardized waivers

The department shall develop a standardized waiver application form that shall be used by state agencies, counties, cities, towns, school districts and federal fleets with vehicles that operate primarily in area A as defined in § 49-541 to document and justify the exemption of that entity's vehicles from compliance with the statutory goals for alternative fuel vehicles. The application form shall include, at a minimum, a life cycle cost formula for traditional fuel vehicles and alternative fuel vehicles that incorporates the vehicle's capital costs or conversion costs, annual fuel cost, annual maintenance and repair costs and salvage value, all as adjusted to present value. The department shall deliver to the secretary of state and the secretary of state shall publish in the Arizona administrative register copies of completed waiver applications that are received by the department.
