

States' Biofuels Statutes

STATE OF CALIFORNIA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the California General Assembly.

§ 13570. Documentation stating alcohol percentage, type and antiknock index number

(a) A manufacturer, blender, agent, jobber, consignment agent, or distributor who distributes motor fuel products that contain at least 1 percent alcohol by volume, shall state on an invoice, bill of lading, shipping paper, or other documentation used in normal and customary business practices, the percentage of alcohol, the type of alcohol, and, except in documentation certifying the octane rating of gasoline as required by federal law, the minimum antiknock index number, as defined in Section 13403, of the products distributed.

(b) If a motor vehicle fuel product contains less than 10 percent alcohol, a statement in the documentation that the product “contains up to 10% ethanol” meets the requirement of subdivision (a) that it state the percentage of alcohol.

(c) This section, as it relates to certification of the minimum antiknock index number, applies to all motor vehicle gasoline distributed.
