

States' Biofuels Statutes

STATE OF CALIFORNIA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the California General Assembly.

§ 5205.5. Use of decals, labels and other identifiers to distinguish enumerated hybrid and alternative fuel vehicles from other vehicles; use of high-occupancy lanes; toll-free and reduced-rate passage; accounts

(a) For purposes of implementing Section 21655.9, the department shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for the actual costs incurred pursuant to this section, distinctive decals, labels, and other identifiers that clearly distinguish the following vehicles from other vehicles:

(1) A vehicle that meets California's super ultra-low emission vehicle (SULEV) standard for exhaust emissions and the federal inherently low-emission vehicle (ILEV) evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations.

(2) A vehicle that was produced during the 2004 model-year or earlier and meets California ultra-low emission vehicle (ULEV) standard for exhaust emissions and the federal ILEV standard.

(3) A vehicle that meets California's enhanced advanced technology partial zero-emission vehicle (enhanced AT PZEV) standard or transitional zero-emission vehicle (TZEV) standard.

(b) The department shall include a summary of the provisions of this section on each motor vehicle registration renewal notice, or on a separate insert, if space is available and the summary can be included without incurring additional printing or postage costs.

(c) The Department of Transportation shall remove individual HOV lanes, or portions of those lanes, during periods of peak congestion from the access provisions provided in subdivision (a), following a finding by the Department of Transportation as follows:

(1) The lane, or portion thereof, exceeds a level of service C, as discussed in subdivision (b) of Section 65089 of the Government Code.

(2) The operation or projected operation of the vehicles described in subdivision (a) in these lanes, or portions thereof, will significantly increase congestion.

(3) The finding shall also demonstrate the infeasibility of alleviating the congestion by other means, including, but not limited to, reducing the use of the lane by noneligible vehicles or further increasing vehicle occupancy.

(d) The State Air Resources Board shall publish and maintain a listing of all vehicles eligible for participation in the programs described in this section. The board shall provide that listing to the department.

(e)(1) For purposes of subdivision (a), the Department of the California Highway Patrol and the department, in consultation with the Department of Transportation, shall design and specify the placement of the decal, label, or other identifier on the vehicle. Each decal, label, or other identifier issued for a vehicle shall display a unique number, which number shall be printed on, or affixed to, the vehicle registration.

(2) Decals, labels, or other identifiers designed pursuant to this subdivision for a vehicle described in paragraph (3) of subdivision (a) shall be distinguishable from the decals, labels, or other identifiers that are designed for vehicles described in paragraphs (1) and (2) of subdivision (a).

(f)(1) Except as provided in paragraph (2), for purposes of paragraph (3) of subdivision (a), the department shall issue no more than 40,000 distinctive decals, labels, or other identifiers that clearly distinguish a vehicle specified in paragraph (3) of subdivision (a).

(2) The department may issue a decal, label, or other identifier for a vehicle that satisfies all of the following conditions:

(A) The vehicle is of a type identified in paragraph (3) of subdivision (a).

(B) The owner of the vehicle is the owner of a vehicle for which a decal, label, or other identifier described in paragraph (1) was previously issued and that vehicle for which the decal, label, or other identifier was previously issued is determined by the department, on the basis of satisfactory proof submitted by the owner to the department, to be a nonrepairable vehicle or a total loss salvage vehicle.

(C) The owner of the vehicle applied for a decal, label, or other identifier pursuant to this paragraph within six months of the date on which the vehicle for which a decal, label, or other identifier was previously issued is declared to be a nonrepairable vehicle or a total loss salvage vehicle.

(g) If the Metropolitan Transportation Commission, serving as the Bay Area Toll Authority, grants toll-free and reduced-rate passage on toll bridges under its jurisdiction to a vehicle pursuant to Section 30102.5 of the Streets and Highways Code, it shall also grant the same toll-free and reduced-rate passage to a vehicle displaying an identifier issued by the department pursuant to paragraph (1) or (2) of subdivision (a).

(h)(1) Notwithstanding Section 21655.9, and except as provided in paragraph (2), a vehicle described in subdivision (a) that displays a decal, label, or identifier issued pursuant to this section shall be exempt from toll charges imposed on single-occupant vehicles in high-occupancy toll lanes as described in Section 149.7 of the Streets and Highways Code unless prohibited by federal law.

(2)(A) Paragraph (1) does not apply to the imposition of a toll imposed for passage on a toll road or toll highway, that is not a high-occupancy toll lane as described in Section 149.7 of the Streets and Highways Code.

(B) On or before March 1, 2014, paragraph (1) does not apply to the imposition of a toll imposed for passage in lanes designated for tolls pursuant to the federally supported value pricing and transit development demonstration program operated pursuant to Section 149.9 of the Streets and Highways Code for State Highway Route 10 or 110.

(C) Paragraph (1) does not apply to the imposition of a toll charged for crossing a state-owned bridge.

(i) If the Director of Transportation determines that federal law does not authorize the state to allow vehicles that are identified by distinctive decals, labels, or other identifiers on vehicles described in subdivision (a) to use highway lanes or highway access ramps for high-occupancy vehicles regardless of vehicle occupancy, the Director of Transportation shall submit a notice of that determination to the Secretary of State.

(j) This section shall become inoperative on January 1, 2019, or the date the federal authorization pursuant to Section 166 of Title 23 of the United States Code expires, or the date the Secretary of State receives the notice described in subdivision (i), whichever occurs first, and, as of January 1, 2019, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2019, deletes or extends the dates on which it becomes inoperative and is repealed.
