

States' Biofuels Statutes

STATE OF GEORGIA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#).

Current through the 2013 Legislative Session of the Georgia General Assembly.

§ 10-1-234.1. Offer of gasoline suitable for blending required

Regardless of other products offered, any supplier which, pursuant to a marketing agreement, supplies gasoline from a terminal in this state to a gasoline distributor shall offer to supply such party with gasoline that has not been blended with, but is suitable for blending with, fuel alcohol. No supplier shall prevent or inhibit a gasoline distributor in this state from being a blender or from qualifying for any federal or state tax credit due to blenders. If a supplier supplies gasoline to a gasoline distributor pursuant to this Code section which is then blended, the gasoline distributor shall indemnify and hold harmless such supplier against any losses or damages arising out of claims, costs, judgments, and expenses, including reasonable attorney's fees, or suits relating to or arising out of such blending.
