

States' Biofuels Statutes

STATE OF HAWAII

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the Hawaii General Assembly.

§ 486J-3. Statements

Each month, every refiner and distributor, on a reporting date established by the director, shall file with the research and economic analysis division of the department, on forms furnished by the department showing separately for each county and for the islands of Lanai and Molokai within which and whereon fuel is sold or used during the last preceding reporting month, the following:

(1) The total volume of fuel imported into and exported from Hawaii, and if for ultimate sale or consumption in another county or on another island, the total volume of fuel, in barrels, by import location (foreign and domestic), by specific crude oil imported, and by liquid fuel type, aviation fuel, diesel fuel, biofuels, and other types of fuel as required by the department, that is sold, exchanged, or otherwise transferred or used by the distributor;
