

States' Biofuels Statutes

STATE OF ILLINOIS

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#). These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Current through the 2013 Legislative Session of the Illinois General Assembly.

120/31. Alternate Fuel Infrastructure Program

§ 31. Alternate Fuel Infrastructure Program. Subject to appropriation, the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall establish a grant program to provide funding for the building of E85 blend, propane, at least 20% biodiesel blended fuel, and compressed natural gas (CNG) fueling facilities, including private on-site fueling facilities, to be built within the covered area or in Illinois metropolitan areas over 100,000 in population. The Department of Commerce and Economic Opportunity shall be responsible for reviewing the proposals and awarding the grants.
