

States' Biofuels Statutes

STATE OF OKLAHOMA

This project was undertaken in partnership with the USDA Office of the Chief Economist, The Office of Energy Policy and New Uses. For information on the full project, visit [States' Biofuels Statutory Citations](#).

Current through the 2014 Legislative Session of the Oklahoma State Legislature.

§ 347. Labels required for sale of motor fuel with ethanol and methanol mixture from motor fuel pump--Provision of mixture information upon request

A. No person shall sell or offer for sale motor fuel from a motor fuel pump supplied by a storage tank into which motor fuel that contains a mixture of at least one percent (1%) by volume of ethanol or methanol has been delivered within the sixty-day period preceding the date of sale or offer of sale unless the person prominently displays on the pump from which the mixture is sold a label that complies with subsection B of this section.

B. A label as required in subsection A of this section shall:

1. Be displayed on each face of the motor fuel pump on which the price of the motor fuel mixture sold from the pump is displayed;
2. State "Contains Ethanol" or "Contains Methanol", as applicable;
3. Appear in contrasting colors with block letters at least one-half (1/2) inch high and one-fourth (1/4) inch wide; and
4. Be displayed in a clear, conspicuous, and prominent manner, visible to customers using either side of the pump.

C. If a motor fuel pump is supplied by a storage tank into which motor fuel containing at least ten percent (10%) ethanol by volume or at least five percent (5%) methanol by volume is delivered in the sixty-day period preceding the date of the sale or offer of sale, the sign as required in subsection A of this section shall also state the percentage of ethanol or methanol by volume, to the nearest whole percent, of the motor fuel having the highest percentage of ethanol or methanol delivered into that storage tank during that period.

D. On request by a motor fuel user, a person selling or offering for sale motor fuel from a motor fuel pump shall reveal:

1. The percentage of ethanol contained in the motor fuel being sold;
2. The percentage of methanol contained in the motor fuel being sold; and
3. If the motor fuel contains methanol, the types and percentages of associated cosolvents contained in the motor fuel being sold.

E. The provisions of this section shall not prohibit the posting of any other alcohol or additive information. Other alcohol or additive information and any relevant posting shall be subject to regulation by the Corporation Commission.

F. The Corporation Commission shall promulgate rules as necessary to implement the provisions of this section.
